

Emanuele Fabbiani

Researcher • Entrepreneur • Engineer

emanuele.fabbiani@gmail.com | <https://www.linkedin.com/in/emanuelefabbiani>

PROFILE

Entrepreneur, AI engineer, and applied machine learning researcher. Co-founded and led AI/product companies acquired by TeamSystem in 2025. Built and managed technical teams, delivered production ML and GenAI systems for enterprise clients, and teach Practical AI at the Catholic University of Milan.

CORE SKILLS

AI and ML	Time series forecasting, tabular ML, deep learning, GenAI architecture, RAG, ML system design.
Engineering	Python, pandas, polars, scikit-learn, XGBoost, PyTorch, LangChain, OpenAI, Qdrant, Google Cloud Platform, Azure Databricks.
Leadership	Entrepreneurship, public speaking, project management up to EUR 3M, team building, teaching.

EXPERIENCE

Co-founder, CEO, and Head of AI

2018–current

xtream | Milan, Italy

- Bootstrapped xtream with four partners, growing it to **EUR 2M+ annual revenue** and **EUR 500K profits** within 7 years; acquired by TeamSystem in 2025.
- Built and led a 9-person AI team, recruiting 3 PhDs and 2 university professors across Italy and Argentina.
- Launched the GenAI Adoption business line, generating **EUR 250K** in additional revenue in 15 months with a **60% profit margin**.
- Led enterprise ML and GenAI projects including financial index forecasting, power load forecasting with **25% lower MAPE** than the previous system, and AskHR, a RAG solution that reduced HR tickets by **30%** in two months.

Co-founder, CEO

2024–2025

Ready | Milan, Italy

- Co-founded and led early development of an enterprise copywriting platform, from prototyping and demos to first clients.
- Generated **EUR 230K revenue** in the first year; acquired by TeamSystem in 2025.

Data Scientist

2015–2017

Techedge and Statwolf | Italy, Spain, Ireland

Delivered data science projects while completing MSc studies, including semiconductor process analysis that led to follow-up contracts and customer team growth from 2 to 8 people.

TEACHING AND PUBLIC WORK

Catholic University of Milan: Professor of “Practical AI” in the MSc in Management & Innovation since 2025, with 8.4/9 student satisfaction; academic board member for Economics and Statistics master’s degrees since 2024.

University of Pavia: Designed and taught 5 sold-out Python courses with 100% positive or very positive feedback; held Machine Learning in the Master’s in Statistical Genomics.

Speaking: Delivered 50+ talks at conferences including PyData, Swiss Python Summit, Codemotion, WeAreDevelopers, AMLD Lausanne, ODSC London, PyCon Italy, and PyCon Germany.

EDUCATION

PhD in Applied Machine Learning

2018–2021

University of Pavia and EPFL

Developed natural gas demand forecasting models adopted by A2A; introduced a Bayesian approach to power grid identification; published 9 peer-reviewed papers with 156 citations.

MSc in Embedded and Control Systems

2015–2017

University of Pavia, cum laude

BSc in Computer Engineering

2012–2015

University of Pavia, cum laude
