CO-FOUNDER, CEO, AND HEAD OF AI

Milan, Italy

2018–current

- Co-founded and bootstrapped the company to **EUR 2M+ annual revenue** and **EUR 500K profit**; served as CEO until its 2025 acquisition by TeamSystem.
- Built and led a **9-person AI team** across Italy and Argentina, hiring three PhD-level researchers.
- Launched the GenAI Adoption business line, generating **EUR 250K additional revenue in 15 months** at a **70% profit margin**.
- Led 15+ enterprise ML and GenAI projects, including Lavazza financial-index forecasting for investment decisions (5-person team; models outperformed the market), Plenitude power-load forecasting for energy operations (4-person team; **25% lower MAPE**), and a Nexi HR-policy assistant (4-person team; **30% fewer HR tickets** in two months).

Ready

CO-FOUNDER AND CEO

Milan, Italy

2024–2025

- Co-founded and led early development of a GenAI-powered content creation platform, from validation prototypes and enterprise demos to first clients.
- Generated **EUR 150K first-year revenue** from enterprise customers; Ready was acquired by TeamSystem in 2025.

Techedge

DATA SCIENTIST

Milan, Italy and Madrid, Spain

2015–2017

- Worked part-time while completing MSc studies. Grew the team allocated to Eni, Italy's largest energy company, from 2 to 8 people while contract revenue grew **5x**.

Statwolf

DATA SCIENTIST

Dublin, Ireland and Pavia, Italy

2015–2017

- Started as a summer intern, then collaborated remotely on semiconductor process analysis that led to follow-up contracts.

Teaching and Public Work

- Catholic University of Milan:** Professor of “Practical AI” in the MSc in Management & Innovation since 2025 (**8.4/9 student satisfaction**); academic board member for Economics and Statistics master's degrees since 2024.
- University of Pavia:** Designed and taught five sold-out Python courses with **100% positive or very positive feedback**; taught Machine Learning in the Master's in Statistical Genomics.
- Speaking:** Delivered **50+ talks** at PyData, Swiss Python Summit, Codemotion, WeAreDevelopers, AMLD Lausanne, ODSC London, PyCon Italy, and PyCon Germany.

Education

University of Pavia and EPFL

PHD IN APPLIED MACHINE LEARNING

2018–2021

- Developed natural gas demand forecasting models adopted by A2A; introduced a Bayesian approach to power grid identification; published **9 peer-reviewed papers with 175+ citations**.

University of Pavia

BSC IN COMPUTER ENGINEERING; MSc IN EMBEDDED AND CONTROL SYSTEMS

2012–2017

- Final grade: **110/110 cum laude in both degrees**; averages of 30/30 (BSc) and 29.7/30 (MSc), both in the faculty's **top 1%**.
